Magic cost:	1
Effect:	Cancels a lasting spell; may open an *Obstruction* or *Force Field*, stops a *charm*, makes *invisible* visible, neutralizes alarms or golems etc.
Note:	Dispelling anything requires testing against the magical potential of the original caster.

The Witcher Role-Playing Game

STA Cost:	Variable
Effect:	*Dispel* allows you to end a spell/ritual/hex within the range of this spell. This spell can cancel magic with a duration and can be used as a defensive action to block magic attacks with or without physical components. To cancel a magical effect you must spend half as many Stamina points as the caster spent to cast the magic and make a *Spell Casting* roll that beats their casting roll.
Range:	10m
Duration:	Immediate
Defense:	*Spell Casting*
